#### NIGERIA: RUMORS OF ABACHA'S DEATH

June 8, 1998

(IF ASKED ONLY):

Can you confirm rumors that General Abacha is dead?

\* No.

\* We have heard similar rumors and our Embassy in Nigeria is trying to confirm this information. We do not have any such confirmation at this time.

Are any Americans in danger?

\* No. There are no indications of heightened military activity or unrest.

#### UNGASS: BURMA AND HEROIN

June 8, 1998

Bottom line: need to be careful about what we say about Burma and heroin.

Background: The world's largest source of opium, Burma has been continually decertified by the USG as cooperating on narcotics issues over the past decade. Moreover, Congress has barred U.S. counternarcotics assistance to the Burmese Government. Our information indicates acquiescence of senior officials in

trafficking and, in particular, in money laundering.

UNDCP has suggested an ambitious, 10-year effort to curb narcotics production in Burma. While in principle we of course support eradication and alternative development, we have not/not endorsed the UNDCP Burma proposal as such, as we have a number of concerns.

First, the initial proposal they showed us had too much Government of Burma involvement. Our legal restrictions and our skepticism about the regime's bona fides mean that any effort would have to have the absolute minimal amount of GOB involvement. Secondly, we have made it clear we would not support a program that was opposed by the democratic opposition, and Burma's National League for Democracy (NLD, headed by Aung San Suu Kyi) is still considering its position. The NLD is understandably concerned that an ambitious development effort might enhance the regime's credibility while doing little to impact the narcotics situation on the ground.

(FYI, Madeleine has been personally involved in the development of our position on this issue.)

What is your view of UNDCP's proposed 10-year development program for Burma?

- \* Burma is the world's largest source of opium, and this issue deserves the attention of the international community.
- \* At the same time, we have been very disappointed by the unwillingness of the regime to take serious actions on this issue, such as allowing known traffickers to live freely and continue to profit from illegal actions.
- \* Moreover, the U.S. Congress has imposed strict restrictions on provision of counternarcotics assistance to the regime, reflecting our skepticism about their intentions on this issue.
- \* We are not prepared to endorse any proposal without further review and consultation with others, but we believe that any internationally supported C/N effort would have to be directed at the Burmese people, and involve the closest

## NIGERIA: RUMORS OF ABACHA'S DEATH

June 8, 1998

Is Abacha's death good news? What do you want to see happen there?

\* First of all, we are encouraged by reports that Nigerians have reacted calmly to the news of General Abacha's death. It is crucial that all parties continue to act with restraint.

\* What we want to see in Nigeria is a peaceful transition to civilian, democratic rule, resulting in a stable, prosperous Nigeria capable of taking its rightful place on the world stage.

POTUS does Camp David with visiting heads of state on average once a year (if that) and it has only happened in my experience because he suggested it himself. In this Admin, Camp David is viewed as personal space and I don't believe one "asks" for POTUS/FLOTUS to take people to Camp David. Also agree it makes little sense to ask for CD for outgoing head of state.

Sept 13 is a Sunday and POTUS's long term calendar reports he is in Washington and "Down for the Day and Evening." A Camp David Weekend idea has to first be sold to Sandy before we work it with the WH.

Unfortunately I don't think it looks good in that time period. With a week long trip at the beginning of the month, a Havel State Visit the week of the 13th, UNGA the following week....all on top of back to school activities and lots of political trips. On top of the fact Menem is leaving office - Those are the realities - if Jim D. and you want to push the idea I would suggest an e-mail to Sandy

I may have sent this email before (while you were away). But, Argentines are still asking about possibility that POTUS and President Menem might meet while both are in Houston on Sept 13. Might that be possible, is the President there? (When he spoke with Menem last weekend, he suggested they get together for golf.) If not that, Jim Dobbins suggested a Camp David weekend like POTUS did with Cardoso. How does one make that happen?

Subject: RE: President  
on Sept 13 [UNCLASSIFIED]

POTUS does Camp David with visiting  
heads of state on average once a year (if that) and it has only happened  
in my experience because he suggested it himself. In this Admin,  
Camp David is viewed as personal space and I don't believe one "asks"  
for POTUS/FLOTUS to take people to Camp David. Also agree it makes

little sense to ask for CD for outgoing head of state.

Sept

13 is a Sunday and POTUS's long term calendar reports he is in Washington and "Down for the Day and Evening." A Camp David Weekend idea has to first be sold to Sandy before we work it with the WH.

Unfortunately

I don't think it looks good in that time period. With a week long trip at the beginning of the month, a Havel State Visit the week of the 13th, UNGA the following week....all on top of back to school activities and lots of political trips. On top of the fact Menem is leaving office - Those are the realities - if Jim D. and you want to push the idea I would suggest an e-mail to Sandy

Glyn - do  
you agree? ..

I

may have sent this email before (while you were away). But, Argentines are still asking about possibility that POTUS and President Menem might meet while both are in Houston on Sept 13. Might that be possible, is the President there? (When he spoke with Menem last weekend, he suggested they get together for golf.) If not that, Jim Dobbins suggested a Camp David weekend like POTUS did with Cardoso. How does one make that happen?

Subject: RE: President on  
Sept 13 [UNCLASSIFIED]

FYI, there is a package from Scheduling which was staffed to Sandalow (with cc J. Dobbins) asking for NSC recommendation (NLT 7/31/98) on whether or not POTUS should accept invite from former President Ford to speak at the Opening Ceremony of the 17th Congress of the World Energy Council in Houston. That's where the "Houston" thing comes from.

POTUS does Camp David with visiting heads of state on average once a year (if that) and it has only happened in my experience because he suggested it himself. In this Admin, Camp David is viewed as personal space and I don't believe one "asks" for POTUS/FLOTUS to take people to Camp David. Also agree it makes little sense to ask for CD for outgoing head of state.

Sept 13 is a Sunday and POTUS's long term calendar reports he is in Washington and "Down for the Day and Evening." A Camp David Weekend idea has to first be sold to Sandy before we work it with the WH.

Unfortunately I don't think it looks good in that time period. With a week long trip at the beginning of the month, a Havel State Visit the week of the 13th, UNGA the following week....all on top of back to school activities and lots of political trips. On top of the fact Menem is leaving office - Those are the realities - if Jim D. and you want to push the idea I would suggest an e-mail to Sandy

Glyn - do you agree?

I may have sent this email before (while you were away). But, Argentines are still asking about possibility that POTUS and President Menem might meet while both are in Houston on Sept 13. Might that be possible, is the President there? (When he spoke with Menem last weekend, he suggested they get together for golf.) If not that, a Camp David weekend like POTUS did with Cardoso. How does one make that happen?

in having the president do this event. still needs further discussion.

Have been out of office (and will be again next week). Sorry for the delay in response.

Todd Stern told me several weeks ago that this was dead. If that's not so, or has changed, we can generate a formal recommendation. Initial reaction from the climate change team was lukewarm.

If you need to reach me next week, pls do so thru Signal.
